

Roaming in the EU

With the EU Roaming service, you can call and text within the whole EU at the same price as back home in Slovakia. You can receive calls in the EU completely free of charge. With our internet packages, you can surf without any extra cost up to the EU volume limit, which is the same as your volume of prepaid data in each package (500 MB, 1500 MB or 3 000 MB). Without a package, you can surf with the Daily Internet service, using 190 MB/day without any extra free, and paying 0.54 cents per MB once this is exceeded. Principles of reasonable use apply to the use of the EU Roaming service. You can find all the relevant information in the Price List and Terms and Conditions.

Credit top up

Credit top up at any cash desk in Tesco stores at the value of €5, €10, and €15.

Validity of standard recharged credit in any amount and in any way is 12 months as of the top up.

Other credit top up options:

- through the internet at www.tescomobile.sk from €6),
- through ATMs by selecting O2 top up (from €8),
- at Tipos points of sale (from €6).

Recharged weekend

Recharge your credit on Friday and you can call the whole weekend in Tesco mobile for free.

Just charge your credit on Friday from 00:00:01am to 11:59:59pm via any recharge channel. Free calls to Tesco mobile subscribers will be activated immediately after the credit is charged and will be possible from the receipt of the confirmation SMS to the next Sunday, 11:59:59pm.

In order to prevent abuse of this service, free calls are not activated if the total of the standard and bonus credits on the SIM card is higher than 30 € at the time of the credit top-up.
